FOUNDER'S DAY PRINCIPALS

Chancellor W. C. Jackson and Mrs. Boydston Satterfield of Atlanta, Alumnae President, who spoke at the annual Founder's Day Service, October 5.

CAMPUS NOTES

THE FRONT COVER is the architect's drawing of the new million dollar Library at Woman's College. It will be located between the Infirmary and South Spencer Hall and will be across Walker Avenue. The ground for the Library was broken September 27, 1948, and the preliminary work is well under way.

OPENING OF COLLEGE DELAYED: Due to the polio epidemic in North Carolina, the opening date of college was delayed a week. At the first regular faculty meeting, September 20, Dr. Jackson announced that the time lost would not be made up. Holidays and commencement dates will remain the same.

THE PRE-SCHOOL CONFERENCE of student leaders and faculty members was held September 15-17. Martha Fowler, Student Government president, presided at the conference, the theme for which was "A More Integrated Campus." Students and faculty discussed social, legislative and academic problems. It was a most stimulating demonstration of democracy in action at Woman's College.

THE ENROLLMENT at Woman's College this year is 2128. Students come from all but four counties in North Carolina, with Guilford leading with 265, Mecklenburg 120, and Forsyth 103. Twenty-five states in the Union are represented and one foreign country, Colombia, S. A.

OPEN HOUSE: The Alumnae Association entertained the new students at an Open House, Sunday, September 27. Mrs. Anne Fulton Carter, chairman of the social committee, was in charge of arrangements for the tea. Approximately 800 guests called from four to six o'clock.

FOUNDER'S DAY OBSERVANCE this year was the most extensive to be held in many years, with sixty alumnae chapters in counties of North Carolina holding meetings simultaneously. The program in Aycock Auditorium was presented from 8:00 to 8:30 p. m. and was to have been broadcast through the cooperation of WFMY, the Greensboro News and Record FM station, and affiliated stations of the Dixie FM network. It was a great disappointment that technical difficulties prevented the broadcast. But it was one of those things which just can't be helped.

In the opinion of many who had

attended many Founder's Day programs, it was the best ever presented. Having the program in the evening made it a special occasion. The marshals in their becoming white dresses, the auditorium hanging with microphones, the students realizing they were on the air, all added to the significance of the hour.

Dr. Jackson was even better than usual, realizing that thousands of Woman's College Alumnae were gathered together with hearts and minds tuned toward Alma Mater. (Full text of Chancellor Jackson's Founder's Day Speech is printed on page 2 of this issue.)

Mrs. Satterfield's message to the alumnae and students was most impressive. The College Choir and Dr. Jackson gave the Litany more beautifully than ever before. It was just a shame that the physical equipment of the situation failed.

We will try again next year, we hope. Founder's Day means so much to all of us. In spite of failure of the broadcast, Alumnae from Manteo to Murphy, in Atlanta, Chattanooga, Norfolk and Washington, have had a meeting and are organized and ready to make this an effective Woman's College year.

Founder's Day Address

Delivered by Chancellor W. C. Jackson at the Annual Founder's Day Program,
Tuesday, October 5, 1948, in Aycock Auditorium

Mrs. Satterfield, Faculty and Students and Alumnae and Friends of the radio audience:

Founder's Day is a day of memory, of honor, of re-examination and re-dedication. As is our wont at this College on Founder's Day, student representatives of the different classes and representatives from the administration, including the aging but ever faithful Zeke, made a pilgrimage this morning to the grave of Charles Duncan McIver and laid a wreath upon it. We placed a wreath on the grave of Mrs. McIver and the new-made grave of Charles Duncan McIver, Jr. This is no stale custom or idle gesture on our part, but an act of genuine and continuing admiration, affection, and honor to him who first had the vision of a woman's college and who made the vision a reality. As we perform this rite, we call up the past, relive the stirring days of our beginnings, examine again the great truths that are the base of our heritage, review the memory of all the years of struggle and growth, and think again with affection of our Founder and all his co-workers — Foust, Alderman, Joyner, Claxton, Gove, Petty, Forney, Jamison, and many others — many of whom are with us no more but whose memories are imperishable. We record with profound gratitude the living presence of some whose gracious lives we still share.

We must not — we shall not — forget the years that have passed.

The story of the College is an ascending scale of accomplishment and growth. There has not been any lag or retrogression. Day after day there has been increase and advancement from the small beginnings in number of students and buildings and equipment and in educational status. We have steadily moved to a plant of 110 acres of ground and 50 buildings, with a faculty and staff of 275 and 2200 students and an academic status of the first rank.

We are marching on. During the past year we have built a beautiful soda shop, a model home economics cottage, a new laundry and we are in the midst of remodeling the dining

halls. Ten days ago we broke ground for the erection of a library building that will cost something more than one million dollars (and closes Walker Avenue). A new dormitory and a new home economics building are our next on the program. We are asking the next General Assembly to guarantee us the student union building and an infirmary which were promised by the last Legislature, but the funds were inadequate; additions to the science and music buildings, and a conversion of the old library to a classroom building; an additional large dormitory, a gymnasium, the remodeling of Curry, the building of a nursery school, a chapel, and an art building.

We are maintaining the high standards in scholarship which the College has attained. As you all know, we have a Chapter of Phi Beta Kappa and the A.A.U.W., and a number of national honorary scholastic societies. We are a member of the Southern Association of Colleges and Secondary Schools, and we are on the approved list of the Association of American Universities. We have established an Arts Forum and a Harriet Elliott Social Science Forum. We are continuing the great Music Contest. We have a great Textile Exhibition under the auspices of the Art Department, as well as a considerable number of additional activities of an artistic and cultural and scholarly character.

In the past few years, there has been a considerable turnover in faculty, but I am glad to report to you that we have been wonderfully fortunate in replacements. We have an able, loyal, enthusiastic, and scholarly faculty, and there is before me now a student body of more than 2100 of the best young women in the — yes in the world.

Since the day the College opened on October 5, 1892, approximately 30,000 students have attended. What an epic is their story. Listen to these figures and know that statistics may be eloquent:

Alumnae of Woman's College have

entered 67 vocations, embracing nearly all the fields open to women.

A recent survey of the College's alumnae proves that they have been particularly active in the fields of education, industry, business, and commerce; health, community welfare, social and religious life; and the rearing of families and the making of the modern home.

Teachers among the group have numbered 7,404. These teachers, it is conservatively estimated, have taught more than 3,000,000 children.

There have been 914 elementary teachers, 3,420 high school teachers, 380 college teachers, 80 college deans, and several hundred private teachers of music and art.

Alumnae who have married number 20,116. Those who remained single or who were widows number 8,832. The Alumnae Office has record of only 36 divorcees among its married alumnae. Children of alumnae numbered 30,169.

Alumnae who combined homemaking and careers numbered 4,896.

Community leadership, as evidenced by official positions in various organizations (P.T.A., Red Cross, churches, etc.) has been demonstrated by 4,896 alumnae.

Woman's College has provided many workers for business, industry, and commerce. There have been 5,704 alumnae in secretarial, clerical, and executive positions; and 900 have become accountants and statisticians. Alumnae have served business and industry also as personnel workers 356; and as designers, dietitians, and other specialists.

Including its thousands of teacher-alumnae, there have been 9,403 alumnae who have been concerned with health and health education. These include 60 physicians, 572 social workers, 426 nurses, 168 home demonstration agents, 400 dietitians, and many others as physiotherapists, youth leaders, dairy specialists, missionaries, and other workers.

Alumnae with scientific training have become science teachers, technicians, chemists, researchers in hundreds of schools, colleges, and industrial plants, as well as physicians, nurses, and radiologists.

Training in the arts have led to art teaching, commercial art, professional music careers, architecture, advertising, costume and commercial designing, photography, and radio. The College has produced 216 writers who have gained recognition for their

work; 80 have entered radio; 86 are commercial artists; 84 are in advertising; and 12 are practicing architects.

Mathematics, in addition to strengthening work in other fields, has prepared Woman's College alumnae for careers as computers, 80; statisticians, 44; auditors, 28; bookkeeping and accounting, 900; draftsmen, 86; and engineers, 32.

The Physical Education Department has prepared 460 teachers, a large percentage of them for college work, as well as 64 recreational directors, 28 camp directors, 52 scout executives, and 136 Y. W. C. A. workers.

Preparation in the social sciences has sent alumnae into 572 positions as social workers and into 128 positions as church executives.

In addition to the 168 home demonstration agents and the 400 dietitians trained in home economics, it has prepared 52 students for careers in interior decorating, 52 as business and industrial buyers, 24 as clothing and textile designers, eight as dairy specialists, and 148 as farm operators. This is the professional aspect and does not include the thousands of young women trained to better care for their own homes.

Language courses at Woman's College have prepared students for careers as translators, interpreters, librarians, export business, teachers, authors, salesmanship, and journalism.

That Woman's College alumnae have exercised the greatest variety of choice with regard to their life work is shown in the fact that a score have become lawyers, 218 are in business for themselves, 108 are in insurance, 24 are in aviation, 20 are or have been oostmistresses, 52 are photographers, 32 are in hospital administration, four are chiropractors, 16 are in the theatre, and at least one is an aerodynamicist.

What wondrous things have been wrought by these! What great blessings have been brought to North Carolina, to other states and regions and far-flung places of the earth by these messengers of light and love and learning! Add their wondrous works, their courage, their faith, their goodness, and the staggering sum exceeds our power to adequately comprehend and appreciate. We uncover in the presence such magnificence and we cry, "All hail to the Woman's College woman."

We jealously guard the ancient landmarks, but we steadily move to

Above is a scene from the wreath-laying ceremony October 5 at the grave of Dr. Charles Duncan McIver, founder and first president of Woman's College. The service was part of the annual Founder's Day observance at the College. Shown in the picture, left to right, are Miss Mary Petty, retired professor of chemistry; Chancellor W. C. Jackson, who gave the Founder's Day address in Aycock Auditorium; Miss Ione H. Grogan, alumnae representative; Miss Cora Strong, retired professor of mathematics; Miss Martha Fowler of Durham, student government president; Miss Nan Jones of High Point, Junior Class president; Miss Ruth Underwood of Greensboro, Freshman Class representative; Miss Sara Frances McKinnon of Laurinburg, commercial class representative and Miss Fran Fulcher of Davidson, Sophomore Class president. Miss Barbara Apostolacus, New Jersey, president of the Senior Class, was unable to attend the ceremony.

higher ground. We believe in excellence and we shall be content with nothing less than a college that is as good as any other in the country. We believe in and we practice democracy, both in the administration through the faculty and an especial advisory committee, and in the student body where we have a student government association unsurpassed in any college anywhere in its morale and in its efficiency. We believe in the creative values of higher education and have placed particular emphasis upon original and creative work in art, in writing, in the drama, in the dance, and in music. We believe in the constant enlargement of the scope of the work of the college, as is evidenced by the fact that in recent years we have the departments of art, philosophy, classical civilization, public relations, and a director of religious activities. We believe in maintaining an intelligent and wise channel of communication with all of the people of the state that they may know what their college is doing. We believe supremely in the importance and value of woman's education, and we are rededicating ourselves to a complete fulfillment of the dreams of our Founder that this College shall be "second to none" in the land. We shall ask the next General Assembly, which meets

in January, to guarantee that our present high status shall be adequately maintained and that provision be made for greater growth and expansion. This means increased salaries, more equipment, and more buildings. We shall not be hesitant to state our case and maintain it. We shall speak in large terms—terms commensurate with our dignity and our rightful place in the educational program of the state. It will be of immeasurable help to us if you alumnae and students and other friends will join us in letting the General Assembly know how we feel about our program.

As we are gathered in Aycock Auditorium this evening some 2500 strong, we are thrilled and lifted up with the consciousness of the fact that 61 alumnae groups throughout the state are sharing the program with us. The audience in Aycock Auditorium wants to send over the magic waves of the air our affectionate greetings.

I summon faculty and students and alumnae and all of our friends to a new allegiance to the Woman's College. Let us pledge together our continued devotion to the College and together let us "raise our voices in a chorus loud and strong" for Alma Mater—the Woman's College of The University of North Carolina.

Our Program is Not New

Our Founders Set the Pattern
for a Great Woman's College

From *The Catalogue of the State Normal and Industrial School, 1892.*

A LATE BUT SPIRITED BEGINNING

"In section 41 of the (North Carolina) constitution of 1776 . . . the state acknowledged its obligation to provide educational facilities for the instruction of youth . . . and the section closes with the words 'and all useful learning shall be encouraged in one or more universities'. But it has taken the state more than a century to come to a practical realization . . . *that youth means girls as well as boys.*"

A PURPOSE AND A PROMISE

"It is the general purpose of the institution to give such education as will add to the efficiency of a woman's work in whatever walk of life her lot may be cast . . . It is the special province of the Normal and Industrial School to emphasize the useful and practical, rather than the ornamental, but it does not mean to depreciate, nor will it neglect, the aesthetic and social features of education."

"The state ought not to support an institution for a small number."

"In addition to the regular course, a post-graduate course will be arranged for those desiring to do advanced work."

A COURSE OF STUDY FOR 1892

"The course of study has been arranged with a view to meeting the needs of all the girls of North Carolina, and it embraces:

1. The Normal Department (Teacher Training)
2. The Business Department
3. The Domestic Science Department."

OF History we earnestly inquire:
What wisdom must we gain that we may meet
The test of ever-changing times? We know
That splendid cultures of the past did rise,
Then fall into obscurity. But why?

We know that causes never singly stand;
Yet by what sign, or by what measurement
May we adjudge ourselves? How can we know
Our claim to praise or solemn condemnation?

And History her ancient truth recalls:
The bounty of a race alone, though rich
From nature's store or man's own skill,
Determines not its right to lasting fame.

Wisdom today would caution mankind thus:

*No state survives, no people grow,
Nor yet deserve their hour,
If, in their estimate of wealth,
They count not Woman Power.*

By JOSEPHINE HEGE '27

OBSERVATIONS IN 1892 . . . PERTINENT IN 1948

"No institution of learning can accomplish its work without good general equipment and a faculty with special preparation and fitness for the work."

"Scholars, unlike poets, are not born; they grow. And students should breathe an atmosphere that promotes

growth. An institution should send into the world graduates with a literary spirit."

"The value of training in either department will be greatly enhanced by a mastery of the work in others."

"A model woman, as mistress of a model home, ought to know something of business, and, above all things, ought to be an intelligent teacher."

THIS IS A LEGISLATIVE YEAR

We Must Continue the Work of Our Founders

To Woman's College alumnae a legislative year means a call to action. Realizing that no institution stands still, and determined that our College shall move forward, the Alumnae of Woman's College marshal their forces for the purpose of establishing in the eyes and minds of our Legislature the needs of our College.

The State Legislature cannot fail to grant our requests once our needs are understood.

The success of our Legislative Program and in truth the future of our College depend to a large extent upon individual and chapter efforts of every alumna of Woman's College. Nor will the alumnae forget this.

IN MEMORIAM

Tribute by Chancellor W. C. Jackson given at the services in Greensboro, North Carolina, October 10, 1948

To speak of departed friends adequately and appropriately is difficult at any and all times. To do so when the event is so near is doubly difficult, for our emotions of the moment supersede analysis or judgment and give us pause lest we fail to be wholly just and generous.

This, then, is not the occasion for the complete and proper tribute that Mary Taylor Moore is entitled to. But we cannot forgo at least a very sincere, if brief, tribute.

All of the people who knew Miss Moore recognized instantly and appreciate genuinely certain marked characteristics of hers.

She had a remarkable capacity for friendship. Few people I have known held such lasting friends. Once known and accepted, her loyalty to her friends was unswerving, and she drew from them the same lasting devotion that she gave in such full measure. There was no limit to the mutual regard and generous relations that passed between her and those closest to her.

She was forthright in her opinions and in her dealings with all people. This sometimes occasioned sharp differences, but it never swerved her from her conception of the right and her steadfastness in maintaining her standard of right and procedure.

She was a particularly efficient person in her work. Her career was that of Registrar of The Woman's College, where she served for 39 years. In her capacity as Registrar, she virtually created the office, and brought it to a high state of efficient organization. She was recognized widely in educational circles as having perfected a remarkable organization of this especially difficult phase of educational work. Many other institutions of learning t h r o u g h o u t the country learned much from her and used the methods and procedures she had established. The debt the Woman's College owes her is very great. We will not forget it. Her standards were high and rigid and she never deviated from them. This characteristic inevitably brought her into conflict at times with those of differing opinions, but it must be recorded to her credit that neither differences of opinion nor

MARY TAYLOR MOORE

criticism ever moved her. Much of the high rating that The Woman's College enjoys today in the academic world must be credited to her.

The quality that struck us all with overwhelming force as it emerged in full flower in the past year was her courage. I sometimes think that there is no greater virtue than courage. Doubt and disappointment and disillusionment and fear assail us all at some time. The manner in which we meet these difficulties marks the man or woman.

Never, in my own experience, have I witnessed anything quite like her behavior in facing the inevitable. Several months ago she came into my office, and, after a few moments of conventional and good-natured conversation, she said, "I have news for you. I saw the doctor a few days ago and he told me the worst." Then she said, "I asked the doctor how much time I had, and his answer was, 'twelve months at most, probably less.'" There followed a few minutes of such calmness, self-possession and ease even that, though it left me shaken, her own pose was as complete as if some impersonal topic had been discussed.

I saw her often thereafter and never for one moment was there evidence of fear or regret or complaint, but a calm, steady, natural and easy mind in perfect control of thought, emotion, and action.

She marched straight to the end of the journey level-eyed, clear-minded,

steady and unafraid. Magnificent was that last march.

It is with tenderness, touched with exaltation and admiration and affection, that we say our farewell to Mary Taylor Moore.

"Freedom and Security"

Theme of Forum and Seminar

As the ALUMNAE NEWS goes to press, plans are being made for the Second Harriet Elliott Social Science Forum in joint session with the Eighth Alumnae Seminar to be held at Woman's College November 11, 12 and 13.

The twin goals of Freedom and Security, basic concepts of the democratic faith, were analyzed by seven political scientists, historians and economists as speakers, panel and round-table leaders, and commentators at the three-day session. These included William Carleton, chairman of the Social Science Division of the University of Florida; Vera Micheles Dean, research director of the Foreign Policy Association; Charles O. Hardy, economist and staff director of the Joint Committee on the Economic Report to Congress; Max Lerner, New York columnist and author; Broadus Mitchell, economic historian of Rutgers University; Gardner Murphy, chairman of the Psychology Department at City College of New York; Edwin G. Nourse, economist and chairman of the Council of Economic Advisers to the President; and Frank T. deVyver, personnel manager for Erwin Cotton Mills and professor of economics at Duke University.

Session topics included, "The Individual Quest for Freedom and International Security," "Threats to Freedom and Security: War and Depression," and "Freedom and Security: A Synthesis."

Presiding officers were Chancellor W. C. Jackson of Woman's College, President Frank P. Graham of the University of North Carolina, and Professor William Poteat, professor of Philosophy at the University of North Carolina.

Dr. Eugene E. Pfaff was chairman of the faculty committee and Martha Guion of Aberdeen, N. C., chairman of the student committee of the forum. Miss Ione Grogan represented the Alumnae on the Forum Committee and was hostess in Coit Hall, alumnae headquarters.

From the Students to the Alumnae

Foundation Proposes Woman's College Change

Dear Alumnae:

On Wednesday, September 25, a group of approximately seventy-five students and forty-five faculty members met to discuss plans, policies, and rules by which the campus could be guided for the coming year. Thus began the fifteenth annual Faculty - Student Pre - School Conference. For three days we participated in discussion groups and heard reports from all major campus organizations. From these, decisions were made concerning plans for the year centering around our theme for the conference, "Building an Integrated Campus Life".

Dr. Jackson and Miss Taylor welcomed the group in the Weit-Winfield ballroom at 9 a. m. Wednesday, and we began three days of work and play.

The conference divided into four groups to consider various phases of campus life. These groups were, "The Function of Legislature in Campus Life" led by Marilyn McCollum, "The Campus Electoral Procedure" led by Nan Kendall, "Judicial Procedure and Campus Citizenship" led by Marilyn Cohn, and "Social Standards and Campus Living" led by Susan Dawson. Each group drew up a report which was presented to the conference at large.

Reports were also heard from the Faculty-Student Curriculum Committee, Faculty-Student Reviewing Committee, Service League, Post War Actions Committee, Honor Board, the Y. W. C. A., and the Inter-Faith Council.

To touch upon other phases of building an integrated campus life, a student-faculty panel discussion was held Thursday afternoon. The speakers discussed the function of publications and opportunities of house presidents in helping to build an integrated campus life, breaking down residence hall barriers, ways to bring the sophomores more into campus activities, faculty-student relations, and alumnae-faculty-student relations. One of the highlights of the conference was instruction in parliamentary law led by Dr. Lyda G. Shivers.

But all was not work. Wednesday night we had a picnic at Camp-A-Hur-Fun. This was real fun — especially Dr. Jackson's fish stories. And there were endless hours of bull sessions and swapping vacation stories. The food was really something to write home about.

Throughout the whole conference enthusiastic cooperation on the part of both

Miss Martha Fowler
Student Government President

students and faculty was felt. We realized that to build a more integrated campus life this spirit of working together was absolutely essential. More and more we realized our responsibility to make this year an outstanding one. Democracy is in action at Woman's College. Already we are beginning to see the efforts of our planning take shape.

Pre-school conference is indeed a fascinating experience. I only wish that each of you could have been there with us.

Sincerely,

Home Economics School Suggested

The Home Economics Foundation, Inc., of North Carolina, at its recent annual meeting at Woman's College passed a resolution urging the administration of the University of North Carolina to establish an Institute for Home Economics, previously authorized by the university trustees, and to designate the Department of Home Economics at Woman's College as a School of Home Economics.

Recommending that the necessary administrative personnel for the institute and the school be appointed as soon as possible, the foundation pledged its full support to the recommended facilities.

Mrs. R. S. Ferguson, of Taylorsville, presided over the foundation meeting for the first time as president, having recently succeeded R. L. Harris, of Roxboro. Mrs. E. B. Hunter, of Charlotte, was named first vice-president succeeding Mrs. Ferguson. The meeting was attended by representatives of various state agencies, industry, education and individuals concerned with public health, nutrition and family living.

Declaring the expanded work of the college School of Home Economics and the proposed Home Economics Institute to be a vital need of the state in terms of homes, food, clothing, child care and family life, the Home Economics Foundation expressed its desire to have an increasing role in the financial support of such a program.

The expansion of the department into a School of Home Economics, it was pointed out, would permit the development of graduate courses in its various fields and the institute would serve the state as a whole as an extension and co-ordinating agency for all three units of the university where home economics is concerned. This would be particularly effective, it was brought out, with reference to health, nutrition, family and institutional life and consumer interests.

The Home Economics Foundation was established in 1946 as an independent corporation to aid and promote by financial assistance and otherwise all types of education and research in home economics at Woman's College. The foundation has received several notable gifts, including \$50,000 last December from Burlington Mills Corporation.

In 1947 the General Assembly authorized the remodeling and expansion of present home economics facilities at the College. Preliminary plans for new construction have been completed and are now being studied.

President Frank P. Graham of the University of North Carolina, present at the meeting, visualized a broad and significant field of service to the people of the state through the proposed expanded facilities.

Pro and Con of Woman's College Architecture

Winston-Salem, North Carolina,
September 2, 1948

Mrs. Julius Cone, Chairman
Woman's College Building Committee,
Greensboro, North Carolina,
Dear Mrs. Cone:

We want to register our fear that Woman's College is basing its building program on a crumbling architectural principle. It is the historical principle, which has been completely refuted by the leaders and the overwhelming majority of the architectural profession.

Architects' drawings of the proposed library show it will be neo-Georgian, an architectural style which expressed the demands and the resources of the period when the first Georges reigned in England. It was creative architecture for those times.

Although our architecture owes much to the past, the twentieth century has its own creative architecture. It makes honest and efficient use of today's construction materials and methods. It provides buildings for the work and play of today. In this we are different from other times, and we have different standards for the conditions under which work is best done or play most enjoyed.

Today's architectural design is especially satisfying, because it usually grows out of the building itself — the materials and the shapes. For instance, shadows resulting from light on concrete sun projectors-balconies in a new Washington office building form a pleasing pattern. This is a design without bothering with doodads, and in twentieth century architecture attention is paid to design.

Business and industry, probably more wise than others about getting their money's worth and not frequently bothered with architectural sentiment, have led the way in today's architecture. Moreover, they have recognized the advertisement value of these buildings. There are a number in every community now. The public is used to them and generally likes them.

Also, many a house has been built in the past 25 years which is real architecture for our times, not architectural history. In some areas, as along the West Coast, this is the accepted way of thinking about construction.

Creative architecture is proving itself daily in buildings for government, religion and education. As for education, see the buildings of the New University of Miami campus. Wake Forest College's plans for a new but traditional campus threw North Carolina architects into an uproar, and the controversy has not yet died.

As far as the architects are concerned, the battle between contemporary and tra-

ditional is settled. With few exceptions, they make traditional drawings only when their employers instruct them to do so.

No doubt the architects will try to give the Woman's College library a modern interior with a Georgian exterior. But they will automatically be limited. We do not expect our observations to have any effect on plans for the library. It is too near construction. But Woman's College is embarking on a long-range building program. Money for the school has never come easy. What a shame if within five years there were strong regrets about the construction of buildings out-moded before their doors opened.

As for the argument that a new building must harmonize with the present campus, we want to say that Woman's College does not harmonize now and in all likelihood will never do so, unless an entirely new plant is begun on a new campus. At least the new laundry will not be Georgian, surely.

Yours truly,

BONNIE ANGELO, class of 1944,
MARIE BELKO, class of 1945.

IN ANSWER

The Woman's College Building Committee has not been unmindful of the fact that a new architectural form has within recent years come into being. We realize that honest use of materials with stress laid upon efficiency and simplicity is the foundation stone of this new form. We realize, too, that the new form or expression is designed to fit the life of today. We know that the modern expression may not only be efficient and usable, but also beautiful and satisfying. But we were faced with this situation. We had a campus. We could not start afresh. On that campus was a jumble of buildings — some buildings with no architectural values at all, some buildings with a leaning toward architectural values, and a few newer buildings with real form and beauty. The best example of the last category is the Alumnae Building. We decided that the architectural form of succeeding buildings should conform to this best example of architectural design on our campus. We decided that it was our duty, as we saw it, to harmonize the existing campus, in so far as it is possible to obtain a harmonious plan. We felt that a building in the strictly modern feeling erected at the heart of the campus would make for a disharmony to which we could not honestly subscribe. Furthermore, we believe that modern design in architecture is not stabilized. Modern design is still experimental. A lasting form will emerge no doubt from this period of experimentation. Nevertheless we felt that we were standing on safer ground in per-

petuating a tried and traditional form. And so the new Library will have a Georgian exterior. A building with like design should eventually take the place of the old Students' Building. The old Library, with a face-lifting job done on it, can be made to conform. The Mc-Iver residence should come down. A Chapel will, we hope, end College Avenue at the entrance to the Park. The Home Economics Building is included in the over all plan for enlargement and beautification. With all of these buildings having the same architectural feeling, the main axis of the campus will present, we think, a harmonious, satisfying and pleasing aspect.

Although the exterior of the new Library will be traditional, we are satisfied that the interior is functional to the limit of the ability of the architect, the Faculty Committee on the Library and the Building Committee so to plan it. We know that our thinking and our decisions, which are the result of our thinking, have been biased by the existing campus. But we came to the decision thoughtfully that we could not ignore what had already been built. We know that we agreed upon a compromise; that is, a traditional shell housing a functional interior in the case of the Library. We hope our compromise is a wise one, and one which will satisfy the majority of the Alumnae.

We shall always welcome alumnae opinion. If this opinion is expressed before plans are completed, it will be of real value to the Committee. After plans are completed, approved by the proper authorities and bids have been awarded, there is no opportunity for change.

LAURA W. CONE, 1910

Chairman Woman's College Building Committee.

1948 Commercial Class Enjoys First Reunion

The first reunion of the Commercial Class of '48 was most successful, with fifty former students returning to the campus November 6 and 7. Activities began at Hinshaw Hall, reunion headquarters, with open house Saturday from 5 to 6 o'clock. Members of the present Commercial Class joined the '48's in celebrating their first return to the campus.

Dinner in the dining hall was followed by coffee and cake in the Alumnae House, and a delightful evening of chatting, spontaneous entertainment and group singing was enjoyed by the alumnae and members of the faculty.

The Reunion Breakfast at Sunset Hills Restaurant was a gala occasion which ended the festivities Sunday morning.

Miss Dorothy Clement, counselor in Hinshaw Hall, and Miss Mary Farrell of the Commercial Department faculty worked with Caroline Finch, everlasting president of the class, in planning for the Homecoming. Highlight of the weekend was the privilege of playing bridge in Hinshaw parlor as late as 3 a.m., one of the things they couldn't do as students.

A Word from Our President

Dear Alumnae:

Woman's College is truly on the march. A new laundry, a new soda shop next door to Alumnae House (in the same style of architecture); a new model Home Economics Cottage; Walker Avenue blocked off and the million dollar library actually begun!

But that is just the beginning! Our needs have been accumulating for a long time, and we shall ask the Legislature to continue to go along with us to meet those needs. We are laying the foundation for our work in behalf of Woman's College at the next session of the Legislature. These plans include specific assignments for each of you — the most important of which is contacting personally and having your friends and family contact — your legislators. Tell them about Woman's College and her needs. (If you don't know after reading the News, we will gladly answer all questions).

We feel that we can have no more effective lobbying than our own graduates and former students talking to their representatives at home. We will fortify you with facts and ask you to see that your legislators become Woman's College conscious. Get your facts in hand, then, and make yourself a special ambassador for Woman's College.

Sincerely,

Frances Helen Satterfield

News from Local Alumnae Chapters

Alamance County

The Woman's College Alumnae Association of Alamance County held its fall meeting at the Episcopal Parish House in Burlington, on October 5, at 7:30 p.m. The president, Jean Holmes McAdams '45), presided, and gave a resume of the year's activities, with particular reference to the Alumnae Banquet which took place in March.

The following nominations for new officers who will serve the coming year were presented by Dorothy Foust Miller '42, chairman of the nominating committee: President, Mrs. W. I. Ward, Jr., (Sara Jane Hunter '42); vice-president, Mary Elizabeth Brittain '47; and secretary-treasurer, Nora Lee Cook '46.

It was decided to have the 1949 banquet in March, and the exact date and committees will be announced later.

The new president, Mrs. Ward, was elected for the college as representative to the Harriet Elliott Social Science Forum.

Miss Emily Young '26 was selected to represent Woman's College during College Day at Burlington High School.

It was agreed upon to continue having the same number of meetings as in the past, which consists of a banquet in the Spring and a business meeting in the Fall.

The meeting was adjourned in order to listen to the Founder's Day program, and members were disappointed when the program was unable to be broadcast.

Nora Lee Cook,
Secretary.

Anson County

Alumnae of Anson County elected Ann Little Masemore '23 chairman of their chapter at the Founder's Day meeting October 5, at the Methodist Youth Center in Wadesboro.

Mrs. Chase Baughan (Dorothy Fetzter '25) was in charge of the organizational meeting and plans were made for a mid-winter dinner meeting later in the year.

Ann Little Masemore, Fanny Dunlap '28, and Elizabeth Masemore Spencer '17 represented Anson County at the Harriet Elliott Social Science Forum.

Announcements about Alumnae House playing cards, college calendars, and commemorative plates were made and although the group was disappointed that the Founder's Day Exercises were not broadcast, they thoroughly enjoyed their get-together.

Atlanta, Ga.

The Atlanta Chapter of the Alumnae Association of the Woman's College of the University of North Carolina held its first fall meeting on Monday, October 4, at 8 o'clock in the Blue Flame Room at the Atlanta Gas Light Company. Mrs. G. E. Montague (Catherine Wharton '31), president, called the meeting to order. The

minutes of the last meeting were read and approved. In the absence of the treasurer, Mrs. Joe K. Jernigan (Nell Tyson '39), Mrs. Montague gave her report.

The chapter meetings were then discussed. Mrs. Montague stressed the fact that we meet approximately every six weeks and that we have more meetings than any other chapter in the United States.

The president appointed Mrs. C. D. Mauney (Frances White '31) to serve on the hospitality committee with Mrs. J. H. Hurst (Peggy Guin '46).

Affiliation of the Atlanta Alumnae Chapter with the Atlanta Federation of Woman's Clubs was presented by Mrs. W. H. Weir (Eva Lee Sink '22), treasurer, who stated that the purpose of the Federation was to help each member organization rather than to dictate to it. Mrs. Montague read a letter from Mrs. Arthur Tufts, president of A.F.W.C., asking her to come to the next meeting of the Federation, and after much discussion, the group voted unanimously for affiliating with the Federation.

Mrs. Montague turned the meeting over to Bootsie Webb '47, program chairman. Inasmuch as the Atlanta Chapter would be unable to hear the Founder's Day Broadcast, the program was followed as closely as possible. Mrs. W. L. Hunken (Katherine Bonitz '34) led the litany of commemoration. Mrs. Boydston Satterfield's speech was read by Jean Hinson '46, and Dr. Jackson's address was read by Mrs. R. E. Roberts (Nancy Williard '46). The speeches were followed by the singing of the college song.

To everyone's delight, Mrs. Hunken showed colored movies which had been taken at commencement this past May.

Nancy Williard Roberts '46,
Secretary.

Avery County

Prologue: Just as the last girl arrived and the chatter had begun with a hum, the bell of the telephone sounded calling Elizabeth Whitson, informing her that a "three-year-awaited" car would be in her possession the following day. It was only after calming her somewhat that we were able to begin our meeting.

The meeting was held in the Guest House on the Lees-McRae College campus at Banner Elk, with six former Woman's College girls present as follows: Dr. Mary Eliason '25, head of the English department, Lees-McRae College; Elizabeth Whitson '39, college accountant and instructor of accounting at Lees-McRae College; Jane Guy '45, connected with the welfare department of Avery County; Laura Hall '25, teacher in the primary department of the public schools in Banner Elk; Lenore Pierce, who did graduate work at the Woman's College in 1944-46, instructor of typing and shorthand at Lees-McRae College; Edith Card-

well '38, employed in Roan Mountain, Tenn., doing bookkeeping for the firm, C. R. Graybeal & Sons.

After the meeting was called to order the following officers were elected for the ensuing year: Chairman, Laura Hall '25; vice-chairman, Jane Guy '45; secretary-treasurer, Edith Cardwell '38.

Jane Guy, Elizabeth Whitson and Lenore Pierce planned to attend the Social Science Forum in November.

Plans were made for Woman's College Day in the high schools of the county. Jane Guy and Edith Cardwell to contact the principals.

Dr. Mary Eliason brought greetings and gave each one of those present a Founder's Day Program, and since it was found that the program could not be picked up on the radio, the program was followed by singing, "O God, Our Help in Ages Past". Miss Laura Hall acted as leader for the litany, and Dr. Eliason read Dr. Jackson's wonderful address.

Following the meeting a lively discussion and exchange of interesting happenings at Woman's College were enjoyed with the delicious refreshments served by those affiliated with Lees-McRae College.

Edith Cardwell,
Secretary.

Boston, Mass.

October 16th was a very beautiful day in Boston, and especially so for seventeen Woman's College alumnae who gathered at the Y.W.C.A. on Clarendon Street, just a block off of Copley Square, to set up the organization of the Massachusetts or New England or Boston Chapter (there is still a question as to what our official title shall be). Those present came from all points of the compass around Boston, but we made short work of getting acquainted.

Mrs. Harold Levin (Myra Siff '46), who has done so much to bring this group together, acted as temporary chairman and called the meeting to order shortly after 2:30 p.m. A slate of officers nominated by a committee set up at the meeting in May was presented and the following were elected:

President, Mrs. Harold Levin (Myra Anne Siff '46); vice-president, Mrs. Herbert Park, 3rd (Frances Little '42); secretary, Mrs. Earl P. Macdonald (Ernestine Halyburton '33); treasurer, Mrs. Joseph Wood, Jr. (Marguerite Smith '46).

With Mrs. Levin now our official president, we transacted the business of accepting a constitution for our newly-founded chapter, including matters of name, purpose, membership, officers and their duties, committees, time and place of meetings and membership dues. We hope to hold three regular meetings a year, in October, February and May.

Mrs. Levin had several announcements of interest, one in particular concerning the Harriet Elliott Social Science Forum and the Alumnae Seminar. We were unanimous in a wish that Boston were not so far from Greensboro. Myra Levin also told us about the playing cards with Alumnae House pictures, the commemorative plates, and the College Calendars which are now available.

Copies of the Founder's Day program were passed around and our vice president, Mrs. Park, read a copy of Dr. Jackson's address given at the college on that occasion.

We brought our first meeting to a close by singing the College song and that was truly a thrill, especially for those of us who have not had a chance to sing it lately.

We spent the remainder of the afternoon socializing over the tea table. Each member had been requested to bring a "tea bag." We have much now to think about and talk about and we all have high hopes for the future of our chapter.

Ernestine Halyburton Macdonald,
Secretary.

Burke County

The Burke County Chapter of the Alumnae Association of the Woman's College of the University of North Carolina held its Founder's Day meeting, October 5, 1948, at 7:30 p.m. at the home of Mrs. Ernest Walker (Annie E. Spainhour '16), on Riverside Drive, Morganton, with fifteen members present.

The following officers were elected: President, Mrs. Jack B. Kirksey (Barbara Ruby Latham '45); vice president, Mrs. John Berry (Margaret Stone '45); secretary, Mrs. Herman Kirksey, Jr. (Mary Hudson '43); treasurer, Mrs. Ralph Pitts (Gladys Inez Arney '38).

Mrs. Don Van Noppen (Elizabeth Fulton '24) was chosen to attend the Harriet Elliott Social Science Forum, No-

vember 11, 12, 13, as representative of the local chapter.

It was decided to have two meetings yearly, one in the Fall and one in the Spring.

The group was disappointed not to hear the broadcast.

Mary H. Kirksey,
Secretary.

Catawba County

Thirty-two alumnae of the Woman's College of the University of North Carolina met in the Educational building of the First Methodist Church Tuesday evening, October 5, for a dinner meeting of the Catawba County chapter of the Alumnae Association of W.C.U.N.C.

New officers for the coming year were elected as follows: Margaret Moss '44, Hickory, chairman; Mrs. John Milton Yount (Dorothy Furr '24), Newton, vice-chairman; Mrs. O. R. Carrithers (Marita Frye '24), Hickory, secretary; and Marion Kuhn '42, Newton, treasurer.

The retiring chairman, Mrs. Perry Starnes (Inez Shuford '39) presided over the meeting which was opened with the college song, directed by Mrs. J. V. Stuart of Newton. Mrs. Jack Gibbs (Annie Melvin '27) played the piano accompaniment.

Aileen Aderholdt '30 gave the invocation. After the welcome by Mrs. Starnes, each member introduced herself. A three-course dinner was served by young women of the church.

Miss Moss urged all members to send their alumnae dues to the college and an-

nounced the Harriet Elliott Social Science Forum at the college November 11-13.

"Woman's College Day" will be held in Hickory at the high school and at the Newton high school during the winters. It was announced that speakers from the college would be present.

Mrs. Jack Spainhour (Mary Mallonee '39) announced that alumnae double deck bridge cards are now available at two dollars per double deck, also Alumnae Wedgewood service plates may now be reserved at three dollars each.

Plans were made for a Spring meeting to be held in Newton, at which time a representative from the college will be present.

Chowan County

The Chowan County Alumnae of Woman's College of the University of North Carolina met on the night of October 5, 1948, at the home of Cornelia Jones Privatt '20 in Edenton. Such a small number of members were present that a second meeting was held on October 20th at the home of Margaret Smith Davis '14 for afternoon tea. The group organized with the following officers: Chairman, Paulina Hassell '09; vice chairman, Mrs. R. L. Bunch (Lula Mae Webb, '34); secretary, Rebecca Walker '48; treasurer, Mrs. Fred Hoskins.

We tried to be of service by revising the alumnae list. The members were told about the playing cards, calendars, and commemorative plates which the Alumnae Association has for sale.

Cleveland County

Members of the Cleveland County Chapter of the Alumnae Association met at Gardner-Webb College, Boiling Springs, on October 5, 1948, with Frances Cuthbertson '38, chairman, presiding. The minutes of the last meeting were read and approved. The following new officers were elected for 1948-1949: Chairman, Mrs. Parris Yelton (Donnis C. Gold '30); secretary, Mrs. Charles Broadway (Sara Mundy Hamrick '43); treasurer, Joyce Rucker '46.

Two members planned to attend the Harriet Elliott Social Science Forum.

Mrs. W. E. Abernathy (Ethel Thomas '15), of Shelby, was elected as chairman of a committee to arrange for a Woman's College Day in the Cleveland county high schools in December, January or February. Announcements were made about cards, calendars and plates made available by the Alumnae Association.

The group anticipated with pleasure the Founder's Day program and they were very disappointed when they were unable to hear it.

The list of alumnae was revised so as to make it up-to-date, and following adjournment a short social hour was enjoyed.

Dorothea Bultman.
Secretary pro tem.

Cumberland County

The Cumberland County Chapter of the Alumnae Association of the Woman's College of the University of North Carolina held its organizational meeting in Fayetteville, on October 5, 1948, in Highland Presbyterian Church Hut with 19 members present. Mrs. George D. Wilson (Elise Rouse '43) presided as temporary chairman and Mrs. Victor W. Herlevich (Camilla Griffin '45) acted as secretary.

Mrs. Wilson opened the meeting with a prayer, after which she presented greetings from the College. There was discussion about sending a representative to the Harriet Elliott Social Science Forum, and further arrangements were to be made later. It was suggested that Mrs. Marion Corbett (Sibyl Barrington '20) be asked to serve as chairman of a committee to plan for a Woman's College Day to be held in the high schools of the county. The members present decided to have two meetings a year, spring and fall. Tentative plans were laid for a festive dinner meeting in the Spring to be preceded by intensive publicity and a membership drive. Announcements were made concerning commemorative plates, playing cards, and engagement calendars for sale by the Alumnae Association.

The highlight of this meeting was to have been the broadcast of the Founder's Day exercises from the College, and we were greatly disappointed, as we had looked forward to hearing Dr. Jackson and others who were on the program.

We elected officers to serve for the current year: Chairman, Mrs. George Wilson (Elise Rouse '43); vice-chairman, Mrs. Howard Allgood (Geraldine Spinks '37);

secretary, Mrs. Victor Herlevich (Camilla Griffin '45); treasurer, Mary Harlan, com. '46.

The business meeting was followed by an enjoyable social hour during which refreshments were served.

Elise Rouse Wilson '43,
Chairman.

Duplin County

The Duplin County Alumnae of the Woman's College met at the home of Mrs. E. G. Murray (Mabel Green, class of '07) in Rose Hill, on October 5, 1948, with the local alumnae as hostesses.

The meeting was called to order by the county chairman, Mrs. A. B. Wells (Alma H. Davis '15) of Rose Hill. After singing the college song, a prayer for the college was made by Mrs. C. F. Hawes (Mary Emma Stewart '30). Much to the disappointment of everyone, Dr. Jackson's speech could not be heard on the radio.

Plans were made for a Woman's College Day to be held in Rose Hill during the early part of 1949, to arouse interest among the high school students of the county. This is to be a luncheon meeting, with a speaker from the college. Mrs. S. V. Wilkins (Clara Gill '27), of Rose Hill, was appointed chairman of arrangements.

Orders were taken for the plates, calendars, and cards which are being sold by the Alumnae officers.

The following officers were elected for the coming year: Chairman, Mrs. A. B. Wells (Alma Davis '15); vice chairman, Mrs. N. B. Boney (Louise Korogay, class of '23); secretary, Mrs. C. F. Hawes (Mary Emma Stewart '30); treasurer, Mrs. M. L. Carr (Grace Horne, class of '41).

The Rose Hill alumnae served delightful refreshments during the social hour, while the guests entertained each other with keenly appreciated anecdotes of college days.

Mary Emma S. Hawes,
Secretary.

Durham County

The reorganizational meeting of the Durham County Alumnae Chapter was sponsored by a group headed by Jean Dickey '44, and time was fixed to coincide with the 57th Founder's Day anniversary of Woman's College. The meeting was held in the Duke Power Auditorium, Durham, with 27 alumnae present.

Miss Dickey, as volunteer chairman, called the meeting to order and proceeded to state its purposes as: (1) Immediately, to observe Founder's Day and hear Dr. Jackson's address being broadcast from Aycock Auditorium on the campus. (2) For the longer range, to reorganize the Durham Chapter and make it effective as a center of unity for local alumnae; to make them a more effective force in aiding the progress of the College.

Before going into other matters, Miss Dickey reminded the members present of the Harriet Elliott Social Science Forum held at the College November 11-12 next

and asked for the names of alumnae planning to attend the Forum. Kathryn Freeman '29 was named to attend the Forum as representative of the Durham Chapter.

Miss Dickey then stated that we would cooperate with all the Alumnae Chapters in the State in observing Woman's College Day in the high schools of the State. Billie Rivers '46 was named chairman of a committee to take steps in that direction. Other committee members are: Jean Adams '47, Mrs. Edna Carpenter Baker '37, and Mrs. Margaret Noell Dailey '27.

Following a general discussion, it was agreed that the Chapter should have a dinner meeting some time in November, preferably after the 15th, at a time and place to be decided upon by the officers.

It was agreed that the question of the number of meetings to be held annually should be decided at the November meeting.

Miss Dickey then confessed that the group which undertook the planning of this reorganizational meeting had, after studying the list of local alumnae, prepared a tentative slate of nominees. She called upon Mrs. Grace (Haynes) Page '44 to present the slate. The following officers were elected: Chairman, Mary Clyde Singleton '32; vice chairman, Jean Dickey '44; secretary, Linda Lyon '44; treasurer, Elizabeth (Uzzell) Griffin '38. Linda Lyon '44,
Secretary.

Forsyth County

The fall meeting of the Forsyth Alumnae Chapter was held October 5, 1948, at the Y.W.C.A. in Winston-Salem.

Mrs. L. C. King (Margaret McManus '31), who became chairman after the resignation of Mary Ellen Hege '40, was in charge of the meeting. Mrs. King announced the annual achievement scholarship had been awarded to Nancy Blanton, a sophomore at the College, in recognition of her exceptional record and ability.

Greensboro Chapter

Alumnae of Greensboro and vicinity had their first regular meeting in more than two years on the night of October 5, Founder's Day, at Alumnae House.

The period of no meetings really seemed to act as a dynamo rather than a damper, because more than 75 faithful Alumnae returned and registered unprecedented enthusiasm in the various matters of business brought before them by President Mary Cecil (Higgins) Bridges '40.

Following greetings from the Alumnae secretary, Betty Brown Jester, '31, the group elected officers: Carol Stoker '39, president; Martha (Hipp) Henson '45, vice president; Lelah Nell Masters '38, secretary; and Eloise Smith '40, treasurer.

Main feature of the evening, listening to a broadcast of the Founder's Day program from Aycock Auditorium along with many other Alumnae groups throughout North Carolina, did not materialize because of technical difficulties. Better still, we had our own private program when Dr. W. C. Jackson, Dean Katherine Taylor '28, Alumnae President Frances (Gib-

son) Satterfield, '28, and Miss Lone Grogan '13, came over after the program in Aycock for coffee, along with many other faculty members.

Dr. Jackson discussed the Woman's College expansion program and pointed out that the alumnae should be of such character, courage and intent as to see the program through. He also stated that our local alumnae organization is the best group to interpret the college to the people of Greensboro and to bring about the best of relationships between city and college.

Miss Taylor paid tribute to the campus organization which was set up by the late Dean Harriet Elliott. She stated that Woman's College is unique in the United States in personnel set up, in that it is able to take care of any size student body.

The alumnae discussed ways and means for earning scholarship money for a Guilford County girl. It's a theater ticket sale this year instead of the usual benefit bridge.

Members discussed the idea of a luncheon for the group in the Spring and expressed wishes for at least two meetings each year.

Various suggestions were heard on how to interest high school girls in Woman's College.

Lelah Nell Masters,
Secretary.

We listened eagerly to her talk about the campus and the great changes taking place there, Founder's Day, and the Harriet Elliott Social Science Forum. The commencement movie, in spite of projection difficulties, took us back to the campus and the happy times we had all spent there. After the movies, Eleanor Barton '27, vice president, assisted by Miss Leah Boddie, served refreshments while we enjoyed talking about the latest developments among the members.

Jean Dickson DeGregory,
Secretary.

Polk County

The Polk County Chapter of the Alumnae Association was organized Tuesday evening, October 5, 1948, at the home of Mrs. W. H. McDonald (Nina Hall '33), Tryon, N. C. The group met in celebration of Founder's Day, the program for which was to have been broadcast from Aycock Auditorium.

The following officers were elected for the coming year: Mrs. W. H. McDonald (Nina Hall '33), chairman; Mrs. W. M. Spivey (Katherine Jones '32), vice chairman; Mrs. Laura J. Greene (Laura Jack '28), secretary-treasurer.

This meeting is a small beginning for this group, but we hope to grow both in numbers and interest as we endeavor to keep in touch with the College and our many friends. We were very much disappointed because we were unable to hear this Founder's Day broadcast, because we think it is an excellent way of letting the Alumnae take part in Founder's Day, since they are the ones to whom this day means a great deal.

It was decided to have one Fall meeting and one Spring meeting.

Laura Jack Greene,
Secretary.

Randolph County

A group of thirty-five alumnae from Asheboro and Randolph County met on October 5, 1948, at the home of Mrs. J. A. Spence (Mamie Boren '12) for

dinner and to celebrate Founder's Day. A group of enthusiastic alumnae helped Mrs. Spence prepare and serve a delicious meal.

Miller (Billie Upchurch '44), chairman; Mrs. Wilborn Swaine (Eleanor Henderson '39), vice chairman; Mrs. Don W. Durham (Evelyn Glass '45), secretary-treasurer.

There was a full discussion by Mrs. Spence of our own Development Program at the College and each item was brought out. There was a great deal of interest and enthusiasm shown in this program and our group hopes to have a concrete part in its fulfillment.

It was an inspiration to feel that we were one with the many groups over the State who met at this same time, with good will in our hearts toward our Alma Mater. While we felt that something came to us over the air waves by mental telepathy, we will be glad to hear the real words of the folks from the college the next time.

Annie Moring Alexander '10,
Secretary.

Rowan County

Thirty-seven Woman's College Alumnae of Rowan County representing classes from 1900-1948 gathered at the Salisbury Y.W.C.A. on Tuesday night, October 5, to listen to the broadcast of Founder's Day exercises held at the College. The meeting was the first formal session held by the Rowan chapter in a number of years.

The program for the evening which was scheduled to feature an address by Chancellor W. C. Jackson made for Founder's Day failed to come off because of technical difficulties; however, the group elected officers, made plans for the year's activities, and enjoyed seeing former classmates.

Mrs. Curtis L. Wyatt (Margaret Linker '15), retiring president, read the Scripture and the litany used at the College's Founder's Day exercises.

A report from the nominating committee headed by Mrs. Claude Morris (Emma Lewis Speight '00) was presented and the following officers elected: Mrs. John Henderson (Mofitt Sinclair '41), president; Mrs. Dodd Brown (Johnnie Heilig '26), vice president; Betty Anne Ragland '46, secretary; and Elizabeth and Harriet Alexander '25, treasurers.

Rutherford County

The Rutherford County Alumnae Chapter met October 5, 1948, at the home of Winifred Mode Reid in Rutherfordton. Eighteen members were present,

and Katie Ruth Grasson '41, who belongs to the Forsyth Chapter, was at home for a visit and joined with us in observing Founder's Day. We followed the planned program, not letting our failure to hear the broadcast dampen our spirits. The news a few days later that the program did not go out over the air saved the pride of our hostess' dealer husband. He had most obligingly set up a brand new FM set for our listening pleasure.

Willard Powers '10 was elected chairman for the coming year, and Mrs. John K. Reid (Winifred Mode '26) will be secretary. We plan to meet once a year.

A tea table with a centerpiece of yellow and white dahlias reminded us of our college colors, and punch and cookies pleased the memories of the college days when we were usually hungry. Willard Powers '10, as a member of the earliest class represented, presided at the punch bowl.

Winifred Mode Reid,
Secretary.

The report of the nominating committee was unanimously accepted. It was moved and carried that we should have a Woman's College Day at the Clinton High School at a date to be set later.

The president asked each member present to introduce herself, after which the meeting was adjourned and those present went to the home of Mrs. Stewart to listen to the Founder's Day program. We were greatly disappointed that due to technical difficulties the program was not received, but everyone enjoyed the social hour. A refreshing drink was served by the hostess.

Vance County

On Tuesday, October 5, 1948, at 7:30 p.m. the Woman's College Alumnae of Vance County met in the library of Henderson High School to observe Founder's Day and to organize a chapter of the Vance County Alumnae.

During the short business meeting, over which Mrs. Jasper B. Hicks (Grace Boyd '22), who was in charge of arrangements for the meeting, presided, the following officers were elected: Chairman, Wilma Thompson '48; vice chairman, Neita Allen '42; secretary, Mrs. Forrest Barrett (Grace Hoyle '45); treasurer, Mrs. C. D. Hamm (Nannie Faulkner, class of '29).

Mrs. Hicks told of the Alumnae House playing cards, the college calendar for 1949 with 54 views of the college, and the commemorative plates being offered to the Alumnae by the Alumnae Association, their cost, and the date that each would be available.

The acting chairman also told of the Harriet Elliott Social Science Forum to be held at the college November 11, 12, 13, and urged that the chapter send a representative.

The group expressed their regret in not hearing the special Founder's Day broadcast as planned, but was glad that the opportunity was used to organize the alumnae in the county.

The meeting was then adjourned. No definite date was set for the next meeting.

Grace Hoyle Barrett '45,
Secretary.

Seventy-five alumnae of Wake County enjoyed a dinner meeting October 5 at the Methodist Fellowship Center in Raleigh in celebration of Founder's Day. Mrs. T. N. Brafford, Jr. (Elizabeth Patten '40), chairman, presided.

Announcements were made about the Harriet Elliott Social Science Forum in November, the Alumnae House playing cards, college calendars, and commemorative plates made available through the Alumnae office.

The group was disappointed that the program was not broadcast, but plans were made for a Winter and Spring meeting, and Mrs. Brafford announced the

following appointments to a planning board: Judy Barrett '42, Mrs. M. B. Koonce (Pauline Williams '16), Mrs. A. M. Fountain (Maxine Taylor '25), Mrs. Latham L. Miller (Frances Newcome '42), Mrs. F. Carter Williams (Alice Virginia Poe '33).

The Warren County Chapter of the Alumnae Association met on Tuesday, October 5, 1948, at 8 o'clock at the home of Mrs. B. B. Williams (Margaret Paschall), president, in Warrenton. There were eight members present.

Mrs. Williams, who was in charge of the meeting, told of the forthcoming Social Science Forum to be held at Woman's College on November 11, 12, 13, and tentative plans were made for several delegates from Warren County to attend. A chairman was appointed to contact the local high school principal to inquire about a Woman's College Day to be held sometime in January or February. It was suggested that a representative from the College be invited for the occasion, and that the members of the Warren County Chapter encourage any Junior or Senior girls who might be prospective students at Woman's College. The president showed the cards with the pictures of the Alumnae House and told about the calendars and the commemorative plates that will soon be available from the College.

Plans were discussed for the spring meeting and it was suggested that the local chapter have a luncheon or a dinner meeting at that time in order to increase the attendance at the meeting.

Copies of the Alumnae News were passed around for all of the members to see. The members were disappointed that they were unable to hear the Founder's Day broadcast from the College.

The hostess served delicious refreshments, after which the meeting was adjourned.

Carrie (Tabor) Stevens' family, the Clarence E. Stevens of Council, has been selected as one of North Carolina's nine master farm families for 1948 by the Progressive Farmer, in cooperation with the North Carolina Agricultural Extension Service.

While the 27 years from the date of their marriage to now have been filled with long hours of work, spare moments and late at night, this farm couple have consistently planned a better farm, a better crop, and for more pleasant living conditions.

The Stevens have three children. These children have been treated as partners in the farm and home, and the family budget would be tapped here and there to provide them with good books through the years, and educational trips that would provide a well balanced perspective. Also provided during their formative years were recreational facilities at home—a tennis and basketball court.

Throughout the years, Mr. Stevens has kept abreast of better farming practices and has purchased modern equipment to make farming easier and more efficient. Whenever a piece of equipment has been used, it is cleaned and oiled and properly stowed away against the weather and for longer and more profitable use.

The seven tenants on the Stevens farm are not treated as tenants, but also as partners in the farm. So successful has been this policy that today third generation tenants still farm with the Stevens.

During the years of depression, the Stevens home was selected as the community center for distributing clothing to needy families and was used as such until a county welfare board was organized on which Mrs. Stevens served for six years.

"My four years at Woman's College played a large part in shaping my ideals for life. I am so happy that I can call Woman's College a true part in shaping the future of our family," writes Mrs. Stevens.
